Subject: RE: I oppose Duke's latest rate hike for dirty energy

Dear Mr. Vorstermans,

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. I am forwarding your email to our Clerk's Office for processing. Your email will become a part of Docket No. 2013-59-E and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Assistant

South Carolina Public Service Commission

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,

Matthew Vorstermans

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Duke had better get on the bandwagon of using renewables, before too many people are taking things into their own hands and putting solar panels on their own roofs.

Sincerely,

Becky Cleland

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

We're all sick, literally, of Duke polluting our air so that it is among the worst in the country, and the fly ash that blackens our houses. Show some civic responsibility and switch to clean, renewable energy sources.

Sincerely,

Doris Marshall
